

PRICING UPDATE:

March 18th, 2019

To Mid-States Asphalt Customers across the United States

Dear Valued Customer,

Due to recent increases in raw materials and transportation costs, we are announcing a price increase of 5-10% on Trumbull asphalt and MSA roll products effective with shipments April 15, 2019. We believe further increases may also be necessary as the roofing season progresses.

Please contact your MSA representative to discuss specific pricing for your market area.

We thank you for your business and for your support of this needed increase.

Sincerely,

Gregory Schill
Mid-States Asphalt
General Manager

Jeremy Traweek
